Mike: Have we decided that it is timely to have the discussions with Sunnyside that you describe? I'm concerned about the possibility of creating yet another Superfund alternative site before we've fully explored the listing potential.

Subject: Meeting with Silverton local officials

---

I spoke w/ Willy Tookey, San Juan County Administrator, about postponing the meeting w/ the County Commissioners and Silverton City Council until February. He agreed that since the NPL listing of Cement Creek is not proceeding this Spring there is no reason to have the meeting w/ EPA/CDPHE/BLM managers in Jan. This will allow more time for the agencies to work through a path forward internally and with Sunnyside.

In the meantime, CDPHE will be setting up a coordination meeting w/ the agencies for the week of Jan. 23. Richard Sisk and I would like to have an informal meeting w/ Sunnyside Vice President Greg Etter, to discuss their thoughts on how best to move forward in a collaborative CERCLA like process.
